

OUR MISSION

*Covenant Academy exists to serve Christ and His Kingdom,
by sharing the gospel and partnering with parents to train students
by way of Scripture and the classical liberal arts.*

Dear Covenant Family,

Tonight, we will begin using DIS.IN.FX, an antimicrobial service that several school districts and sister classical schools have found helpful in reducing illness. In addition to our usual cleaning, DIS.IN.FX will test surface areas monthly and disinfect all surfaces quarterly. If an illness or outbreak occurs between visits, they will come and disinfect that area. In addition to this, they will treat any surface areas that they find to be contaminated upon inspection. We've been in discussion about adding this service to reduce the number of days that students and teachers miss school due to illness. The news of two confirmed corona virus cases in our area makes this additional service all the more valuable.

We will continue to emphasize proper hand washing and cough/cold etiquette at school. Please keep us informed if you or your child are sick and please keep sick children home. We will do everything we can to minimize the difficulty of make-up work due to sickness.

Grace and peace,

Leslie Collins
Head of School
