

COVENANT ACADEMY

A Classical Christian School

OUR MISSION

*Covenant Academy exists to serve Christ and His Kingdom,
by sharing the gospel and partnering with parents to train students
by way of Scripture and the classical liberal arts.*

Dear Covenant Family,

Parents, educators, pediatricians, and those in the mental health field recognize the unintended consequences of closing our campuses last spring. Students missed out on opportunities to build relationships, develop habits of the mind, body, and soul, and hone skills such as writing, discussion, and oral presentation—which are best taught face to face. Covenant Academy was able to implement a successful online program, but nothing compares to the culture and community that shapes the hearts and minds of our students when learning is embodied.

Those who work closely with children understand the importance of children learning together in a structured and loving environment. Recently, the American Academy of Pediatrics released this statement: **“The AAP strongly advocates that all policy considerations for the coming school year should start with a goal of having students physically present in school.”** ([Read the full AAP statement here.](#))

This fall, Covenant Academy will partner with parents to **safely** train students by way of Scripture and the classical liberal arts. We will work together to communicate clearly and mitigate the spread of COVID with wisdom as we trust in God’s sovereign control. Please review our Re-Entry Plan along with our FAQ’s.

Grace and peace,

Leslie Collins

Head of School
